**If this sub-
window
appears, click
“Yes”**

**Note: If you get any other type
of security window besides this
one, ask your IT Coordinator or
LAN administrator.**

The functions you can perform are shown on the menu bar. Click the folder to show the function under each heading

If you are using this system, you are administering a Medi-Cal program. This information is confidential!

Click the function to begin performing that function

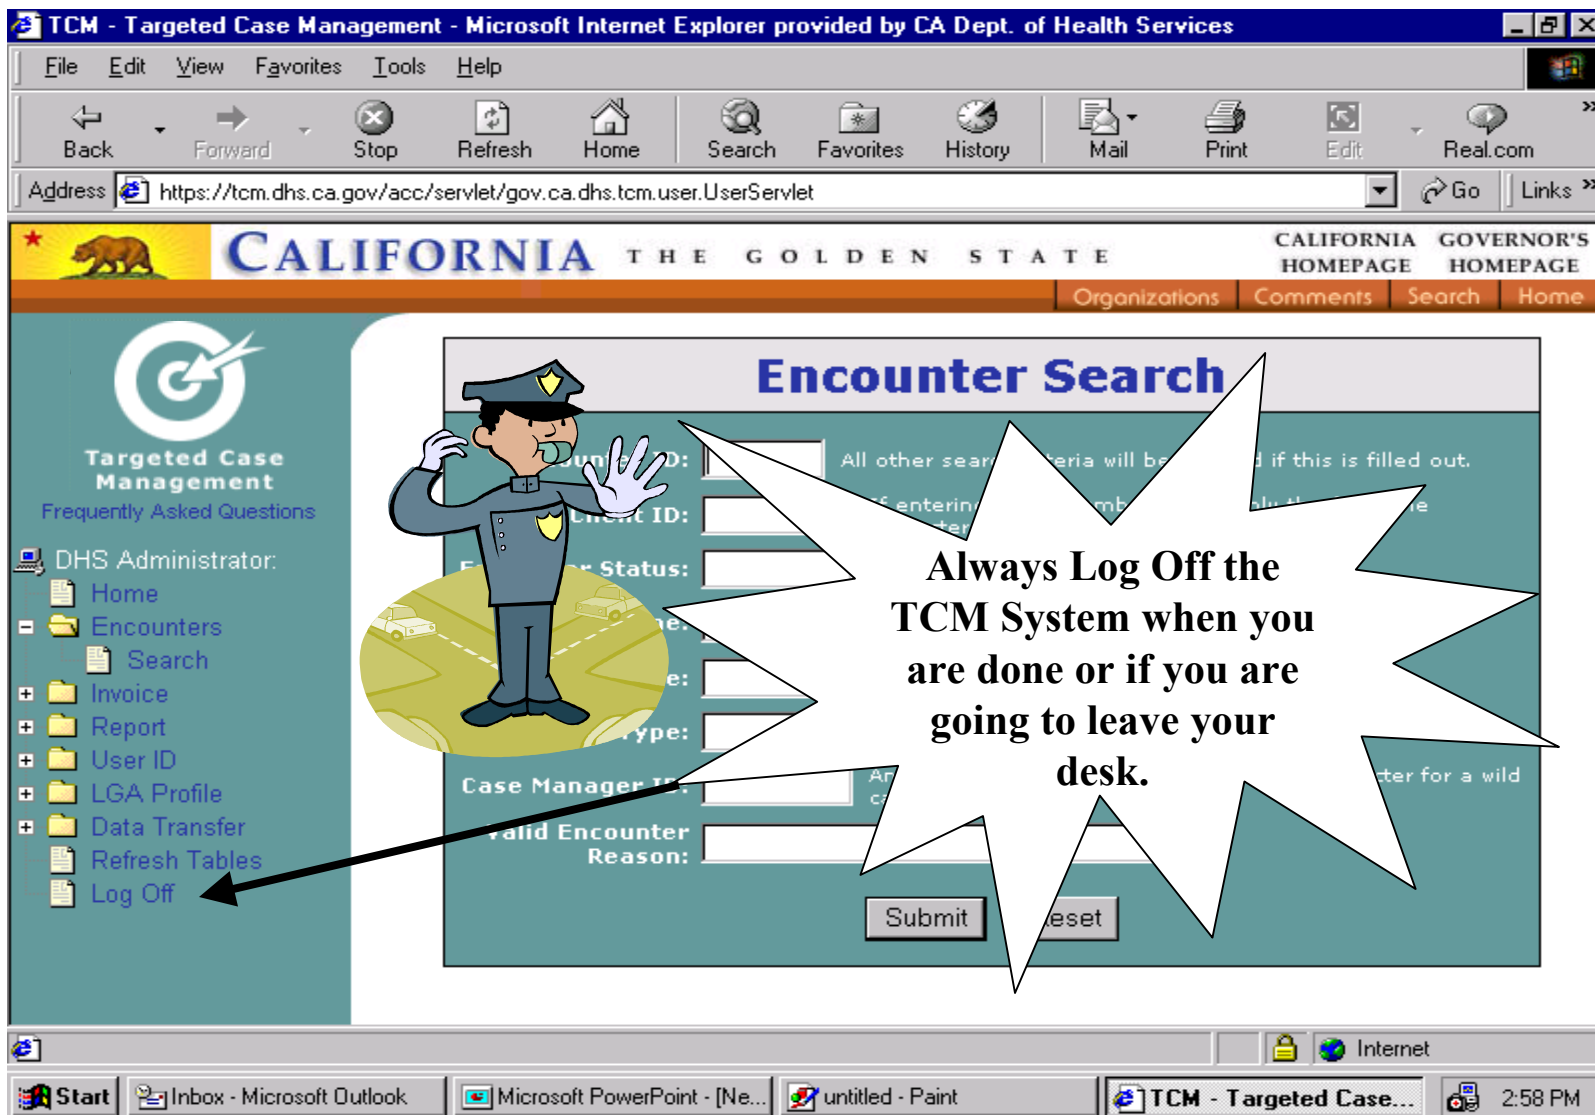

Medi-Cal information is confidential!

- ❌ Targeted Case Management is a Medi-Cal program.
- ❌ By law, all Medi-Cal information is confidential.
- ❌ You must sign a statement saying that you understand this and agree to keep this information confidential before you will be given access to the TCM System.
- ❌ If you divulge any information that you view or print from the TCM System you may be subject to criminal and civil penalties.
- ❌ Anything you print from this system must be kept confidential and must be shredded when you are finished using the information.
